DOMETIC FRESHLIGHT 2200 Air Conditioner: A Bright Revolution

The FRESHLIGHT 2200 air conditioner by DOMETIC presents an absolute novelty for vehicles up to 7 meters in length. This extraordinary device is the first rooftop air conditioner with an integrated skylight, allowing for an ideal climate without sacrificing the natural light coming from above.

Thanks to the unique design of the FRESHLIGHT 2200 air conditioner, the light from the skylight is seamlessly integrated with the cooling system. The result? A consistently perfect temperature and a bright ambiance inside your camper or caravan.

Key Features of the FRESHLIGHT 2200:

- **Rapid Air Circulation:** Stagnant air is quickly drawn out and expelled from the vehicle for optimal ventilation.
- **Blocking Function:** Single pleated blackout blind integrated into the skylight.
- **Exclusive Diffuser:** Channels fresh and dehumidified air precisely where you want it, keeping it clean and free from impurities.
- **Customizable Brightness:** With adjustable LED lights, you can choose the light intensity that suits you best.
- **Airflow Control:** Direct the airflow to your desired location for tailor-made comfort.
- **Skylight:** Allows natural light to flood the space, creating a unique ambiance.

The DOMETIC FRESHLIGHT 2200 offers the perfect solution for those seeking an efficient air conditioner without any compromises. Not only does this device guarantee an ideal climate, but it also enhances the surroundings with adjustable natural lighting. With its advanced features such as blackout blinds and intuitive remote control, you always have complete control over the environment, whether you want coolness or warmth.

DOMETIC FRESHLIGHT 2200: Where Comfort Meets Natural Light

The ingenious design of the FRESHLIGHT 2200 air conditioner ensures the advantages of a space-saving device without missing out on what's essential: natural light. With energy-efficient modes, it ensures the ideal comfort in every camper or caravan up to 7 meters.
